Getting More From Your Book of Destiny Report

ABOUT YOUR BIRTHDAY

Welcome to your personal report from the Book of Destiny! Inside you will find detailed information about one year of your life. If you read carefully, you can extract even more information from this valuable report.

The information found within comes from a very ancient and highly revered mystical science that originated before the days of early Egypt. Its exact origins are unknown but its accuracy speaks for itself. The information it will give you will be timely and practical, pertaining to the events and experiences you are currently going through.

Understanding the Structure of a Yearly Report

The information about your life in the Book of Destiny is in the form of playing cards arranged in a particular formation. The positions of these cards is not random in any way. Each card is derived from mystical calculations taken from your birthday and your current age. It is these cards and their meanings, that relay the information about each year of your life. Here is how these cards are divided and presented in the context of this Yearly Report.

First of all, this report will have one or more Main Sections, each referring to the cards found under one of your personal significators. Our personal significators are cards that represent us in some way. These include the Birth Card, Planetary Ruling Card, Personality Cards and Karma Cards. All of these cards can be used to signify us and each plays a certain role. However, not all of them are required to make a complete Yearly Report. Therefore, this report may contain one or as many as five main sections, each under the heading of one of these personal significators, depending upon who ran this report for you and which personal significators they believed would be the most helpful for you to know about. Most Yearly Reports include the cards for two personal significators, the Birth Card and one other. Karma Cards are rarely used.

Each of the Main Sections of a Yearly Report is divided into two distinct groups of cards and each of these Card Group Sections will have a Title Page to let you know what will follow. The first Card Group Section are what we call the Year-Long Influence Cards. These five cards, the Long Range, Pluto, Result, Environment and Displacement Cards, cast their influence on an entire year of our life. For this reason, their influence is more powerful than the other cards in a Yearly Report.

NOTE: Some of the Birth and Planetary Ruling Cards do not have Environment and Displacement Cards. These are the Ace of Clubs, 2 of Hearts, 9 of Hearts, Jack of Hearts, 8 of Clubs, 7 of Diamonds and King of Spades. If one of your personal significators is one of these cards, there will not be a page about the Environment and Displacement Cards in that Main Section.

The second Card Group Section in each Main Section are the Planetary Period Cards. There will usually be two cards found in each of seven Planetary Periods that divide the year into 52-day segments and the Title Page for this section will show them all to you and list the dates that correspond to the beginning of each period. Your birthday marks the beginning of the first period, called the Mercury Period. 52 days later the next period begins (Venus) and so forth until your next birthday marks the ending of one year and the beginning of the next. The cards found in each period have a strong influence over the events and experiences of that time segment. They also cast a subtle influence on the entire year and when this is the case, it will be mentioned in the interpretations for that particular card.

That is basically all there is to a Yearly Report except that there is a special section that is found in the beginning called the Report on Auspicious Positions Page. This page will tell you about influences that are present due to the position of your Birth Card and Planetary Ruling Card in this year's Grand Solar Spread. The Grand Solar Spread is sort of a master spread from which the cards in your Yearly Report were taken. You may or may not have one of these pages because there are some years that your cards may not fall into any of the nine various auspicious positions that this report looks for.

More About Your Personal Significators

Your birthday associates you with one of the 52 playing cards. That card, called the Birth or Destiny Card, tells us much about your personality, character, and potential in the various areas of life. Every Birth Card has a highest expression as well as challenges that must be dealt with during the course of a lifetime. Inside, you will find a detailed description of your Birth Card on the page entitled "About Your Birth and Destiny Card". This is the first place to begin in your study. The meaning of your Birth Card will not change over the course of your life. Each of us is constantly refining the characteristics of our Birth Card, striving to reach the highest potential it offers us while working with some of the karmic challenges that are also associated with it.

Even though it is the most important, our Birth Card is not the only card that is a personal significator for us. There are other cards that offer further clues about our character traits and personality. The most important is our Planetary Ruling Card. The Planetary Ruling Card is derived from our sun sign and explains much about our behavior in a similar fashion as the Birth Card. It is often compared with our Rising Sign in astrology. It acts as a personality filter that influences our behavior in a certain way and it is an important card to learn more about.

ABOUT YOUR BIRTHDAY

We also have one or more Personality Cards that are essentially masks that we wear from time to time when we are engaged in certain activities or occupations. These are always the Jack, Queen and King of our Birth Card's suit. For example, if a woman is romantically involved, she is usually playing the role of her Queen. If her Birth Card is a 5 of Clubs, for example, she would be acting as the Queen of Clubs when she was in love. Men in love act as the Jack of their suit. When your Yearly Report has a Main Section for one of these Personality Cards, just exactly how they fit into the overall picture will be explained in the report. Just keep in mind that these Personality Card influences are only in effect for whatever period of time we make their activities important in our lives. This is very different from the Birth Card or Planetary Ruling Card which are in effect all of the time.

Our Karma Cards offer additional mirrors of our personality, often revealing hidden traits. Most of us have two Karma Cards but some have as many as six. If this report has a Main Section in this report for one of your Karma Cards, it will likely reveal events and experiences that are very personal in nature and perhaps not so significant in an external or mundane fashion.

How to do Relationship Readings for this Year

Though not apparent on the surface, this report does allow you to look up people you know and discover how they will be influencing you in the year that this report is created for. This section gives you all the tools you need to do this on your own, it is not presented directly by the report, but the information is available if you have the time to read this and follow the necessary steps.

STEP ONE - Make a list of the Birth Cards of people you want to know about. On the following page is a Birth Card Chart that gives the Birth Cards for each birthday of the year. In the table in the next column, list up to ten of the most important people in your life. Write down their names and birthdays and then look up their Birth Card and write that in as well.

STEP TWO - Determine their Personality Cards.

Personality Cards are used frequently in relationship comparisons because they have proven to be accurate and important in this area. For purposes of this report, just list the Jack for men and the Queen for women, always of the same suit as their Birth Card, and write them down next to their Birth Card. For example, if some man you know has a Birth Card of a 7 of Diamonds, you would write the Jack of Diamonds down under "Cards" beside his Birth Card.

STEP THREE - If you have the book, Love Cards by Robert Camp, look up and write down the Planetary Ruling Cards and Karma Cards of each person. These additional personal significators will give you more cards to look for.

Name	Birthday	Cards

Your List of Friends and Family

They are not completely necessary, but if you have them, it will simply add more to your search.

STEP FOUR - Look through your Yearly Report for the occurrences of their cards and then compare their locations with the Relationships LookUp Table to determine what it means. Take their Birth Card first and look through your Report to see if it is mentioned anywhere. If you find it, make a note of what position it is in (Long Range, Mercury Period, Pluto, etc.) The Relationships LookUp Table on the page after next will tell you what it means when it is found in any particular position. Once you have looked for their Birth Card, you can search for their other cards in the same manner.

The position of each card will relate a specific influence they will have on you over the course of the year. When one of their personal significators shows up in a specific Planetary Period, you can bet that they will play a significant role in your life at that time. Read the meaning of the other cards found in that period to determine just what that role might be. For example, suppose someone you know is a 3 of Hearts female and you happen to have a Queen of Hearts in your Mars Period along with a 5 of Diamonds. This Queen of Hearts is one of your 3 of Hearts friend's personal significators and thus is does represent her playing some role at that time. Because it is in Mars, you know that it could be a competitive or passionate role. The 5 of Diamonds suggests a change in finances related to a legal matter or a business trip. Putting these tips together you may predict a disagreement with your 3 of Hearts friend about some money matter, perhaps a legal matter, OR that the two of you go on a business trip in a somewhat restless manner.

Using this technique, you can add a lot more dimension to your personal Yearly Report. In fact, most of the cards in our Yearly Reports have dual meanings and many stories to tell us. The interpretations given for each of the cards tell the major story, but with the proper tools, you can derive much more information about other aspects of your life.

Special Tips for Gaining a Better Understanding of Your Yearly Report

1. To know more about your personal relationships in a year-long manner, look at the cards in your Venus Period and look at all the Heart cards found everywhere in your spreads. These are the most important relationship indicators.
2. To find out more about your work for the year in a general way, look at the Mars and Uranus Period cards and the Spade cards found anywhere in your reading. If you are involved in any of the communications fields, look for Clubs cards to indicate your success or failure in those areas. Entertainers, artists and those that work primarily with people should look at the Heart cards and the cards found in Venus. Salespeople and merchants would look for Diamonds and the Jupiter cards.
3. To know more about your health, look at the Saturn Period cards and Spade cards in particular.
4. To find out how your finances will be this year, look at all the Diamond cards and the cards under the Jupiter Period.
5. Our Jupiter Period cards each year signify what or who will be the greatest blessings and in which direction we can achieve the greatest financial blessings. To insure your financial success, follow the path laid out by your Jupiter cards, especially the Jupiter cards found in your Birth Card and Planetary Ruling Card sections.
6. Always seek to combine the meaning of the two cards found in the Planetary Periods to get the complete meaning. The whole story for any particular period is a combination of both cards acting together. Sometimes the Neptune period has only one card. When this is the case, this one card is the only influence present.
7. Try to keep the various sections of the report in perspective. Sections based upon Personality Cards will only apply to those aspects of your life governed by those cards.
8. When two cards in one period seem to contradict each other, remember that the more positive card will win out over the negative card in any given Planetary Period. Though the negative card could indicate a problem of some sort, the other card will indicate a resolution of that problem later in the period.
9. To learn more about this amazing system and how to do readings for yourself and others, purchase a copy of Destiny Cards by Robert Camp, available where you got this report. His other book, Love Cards, is also highly recommended, and also available where you purchased this report.

ABOUT YOUR BIRTHDAY

All about Your Birth Card

Our Birth Card is our most important symbol of who we are in this lifetime. It is the card that we most identify with, and through which we have the greatest gifts to share with those around us. It is also called our Sun Card and our Soul Card.

The King of Diamonds Person

The Businessman's Card

The King of Diamonds is the master of values, finances and business. In this regard he or she can do very well in any business pursuit, applying their inherited knowledge to their work with much success. These people are always more successful as heads of their own business rather than working for others. They can be very mercenary when it comes to money and business, but they don't have to be.

This is the only 'one-eyed' King in the deck, which tends to blind them to certain aspects of life and situations. This can also make them very stubborn and see things from only their side of the issue. King of Diamonds are known to make enemies for this very reason. Perhaps the upraised 'battle-ax' on their card represents a fondness for competition. However, all of them know what is of real value and if they follow their knowing instead of their fears, they can be the most respectable people in the business world. They must always guard against using their power to get things to go their way at the expense of others. With so much inherent power, the King of Diamonds can avoid dealing with their feelings and this is where many problems are created. There are often emotional issues from childhood that must be dealt with before the higher side of this card can be manifested. Until then, they can appear cold and ruthless.

They are very creative and can make huge amounts of money by using this gift. The King of Diamonds are powerful people who can do much good in the world and can be examples of those who are 'in the world but not of it'.

Some of the King of Diamonds Issues Concerning Relationships

The King of Diamonds is one of those cards that doesn't have any particular good or bad relationship karma. However, being Kings, they are quite powerful and unwilling to compromise, which can cause problems on the personal level. The women, especially, have to find a way to balance their strong masculine side in the context of a relationship where the accepted norm is the 'retiring female'. They tend to want to dominate or at least be an equal to their mates and not many men are willing or able to deal with such power in a woman. Some of the women give up trying after a few unsuccessful attempts. Some of the men do likewise. Both sexes can be guilty of looking at love and marriage strictly from a financial point of view. It is always best for them to keep their business and love life separate until they find the right match.

Both sexes could learn to express their fears and emotions to have better luck in romance or marriage. Honest communication bridges the gap and brings more intimacy. They are attracted to those of wit and good education and are often found working with their spouse in a business.

ABOUT YOUR BIRTHDAY

All about Your Planetary Ruling Card

Two of Diamonds as Your Planetary Ruler

The Planetary Ruling Card acts like a second Birth Card to give you a new slant on your personality and character traits. It is very important in terms of your personal relationships since it represents a part of you that you identify with strongly.

This ruling card gives you a lot of success with work and finances. You have an ability to find the right people to help you achieve your goals and you are not lazy. You are bound to have some very prosperous cycles in your life, much more than the average person. You have a keen and logical mind that you depend upon for much of your success. But in personal relationships, your logic is more of a hindrance than a help. An inner desire for love and affection competes with your natural ambition in work matters and it seems difficult to have satisfaction in both areas at the same time. In general, you would tend to focus more on your work, where it is easier to manage. Emotionally you have a lot of work to do. You must also watch out for some fixed principles about love or marriage that causes you to stay in bad relationships much longer than need be.

ABOUT YOUR BIRTHDAY

Auspicious Events Occuring at Age 22

Each year most people's Birth and Planetary Ruling Cards move to a different location in what we call the Grand Solar Spread (pictured below). Each position has a unique significance and is described in the section about the Displacement Card. However, some of these positions are more significant and represent times in life when special events will occur. There are also special events determined by our age and by certain cards that fall into prominent positions in our Yearly Spreads. This section of your report will define what, if any, of these auspicious events will occur for you this year. The text given further emphasizes their unique importance in the overall fabric of your cards for this time of your life.

Your Birth Card is Approaching the Ascent to the Pinnacle Year

Because of the position of your Birth Card this year, you are approaching a particularly significant 7-year cycle of your life. We call this the Ascent to the Pinnacle Cycle. This cycle's effect on you will depend largely on what is the direction of your life to this point, so read carefully to determine it's significance for you.

If you are aware of your personal goals and purpose to a large degree, this year and the next three years together will mark a rising up to a position of accomplishment and recognition. This year will see significant advancements in your career interests but the year that begins three years from this birthday will be the Pinnacle Year, where you could reach the very top of your profession and end up on a new level of work and attainment. Many people have achieved great goals and dreams during this 3-year period.

If, on the other hand, you are not so certain about your life's direction or purpose, the next three years will mark a culmination for you of your life as you know it. Be prepared during the Pinnacle Year to make a big change, to depart from a significant chapter of your life, and to move on to a new and better cycle.

You can find your True Purpose this Year

There is at least one occurrence of a Six card in your reading in a prominent position (Long Range, Pluto, Result, Environment or Displacement). This might be in either your Birth Card Spread, or your Planetary Ruling Card spread. Either way, this gives you a special opportunity, but one that is only taken advantage of by those who are aware of it. Sixes give us an opportunity to discover what our true purpose is for our life. Most people search their entire life to discover what their life is about and whether or not they have some special purpose or goal that they are to achieve during their time here on the planet. Many never find this purpose at all. Because of the presence of a Six card in a powerful position this year, you will have a special opportunity to discover what your purpose is. Of course, this only applies to you if you have the desire to know. If you are not that interested in knowing more about your life's direction, this will probably manifest itself as a year of steady progress towards existing goals.

Sixes can be frustrating as well because they often represent static and unchanging conditions in our life. However, they also bestow upon us a special ability to perceive that which is usually hidden from our conscious minds. By listening to our inner voice, we can receive great inspiration and direction when these cards are present and you have at least one of them for this entire year. If

Auspicious Events Occuring at Age 22 (continued...)

you have more than one Six in a prominent position in either your Birth Card or Planetary Ruling Card Spreads, then this message becomes even more significant.

Study any and all Sixes that you find in these prominent positions this year, along with other Sixes that appear in your Yearly Spreads. They will reveal much about the special destiny that is coming your way. Good luck on your path to inner discovery.

This is a Major Completion Year for You

Because you have a Nine card in a prominent position this year (Long Range, Pluto, Result, Environment, or Displacement), we know that this will be a year in which you achieve an important ending in your life. This Nine may occur in either your Birth Card or Planetary Ruling Card Spread. Endings can be seen as disappointments if we disregard their true meaning. In truth they represent graduations from chapters of our life that were important, but are now no longer helpful for our personal growth and development. What is also beautiful about endings is the wonderful freedom we feel after we have passed through it and are on to our next stage of work and development.

Whatever the nature of the endings in your life this year, be glad that you have reached the point in your development that you are ready to move on to better things and relationships. We are often afraid to let go of things that have become so familiar to us. Sometimes we are not even able to see that these things are no longer of any real use to us. Rest assured that this is the case for you. You are ready to move on and by this time next year, you will be in an entirely new and better place for your personal and professional development and expansion.

If you have more than one occurrence of a Nine in these prominent positions, the significance of this completion year becomes even greater and the stronger the likelihood that many areas of your life are coming to an end in preparation for a new phase of development.

Study whatever Nines you may find in your Yearly Spreads carefully. Each one will reveal the specific areas that you may be encountering some important completions.

About The One-Year Reading for your Birth Card

Our Birth Card is the most significant card of all the cards that represent us. It is the card that we identify the most with and the one in which we 'shine forth' with the greatest brilliance. We have other cards that are symbols of us as well. These include the Planetary Ruling Card, Personality Cards and Karma Cards to some extent. However, it is the Birth Card that is first and foremost in its importance and in its ability to describe our life in great detail.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your Birth Card. ABOUT YOUR BIRTHDAY

Your Long Range Card This Year

The Six of Spades as the Long Range Card

Your Long Range Card

This will be a year with many possible levels of experience, all under the influence of the powerful Six of Spades. On a purely mundane level, the Six of Spades says that this will be year of few, if any changes in work, health, occupation, or place of residence. This can be good if you are in a good situation when the year begins. However, if you are unemployed when this year begins, you may have to contend with not having a new job for an entire year, so strong is the 'lack of change' influence of this card. There will probably be less opportunities for travel this year and no changes in residence.

On a deeper level, the Six of Spades has a strong 'balancing the scales' influence to it. It says that you will get exactly what you give this year, both in your work and in regards to your own health. If you are experiencing any health difficulties this year, they will most likely be the result of your not giving enough attention to your health. To improve your health under this influence, all you have to do is to put in some constructive energy into loving your body and starting more healthful habits. On the work scene you may find yourself involved in having to make compromises and adjustments, giving in a little or taking a little so that your entire work scene may run smoothly. Keeping a balance in all your affairs is a major theme this year.

Finally, the Six of Spades is the card of 'fate' and 'destiny'. Many times when this card is present, we have major turning points that lead us to our ultimate destiny. If you take the time to tune in to your deepest thoughts and feelings, you may get an important message as to where you will go next and what you will do.

Keywords:

A year of learning to be responsible for your work, health habits, and lifestyle. A year of keeping the peace and perhaps one of discovering a special and meaningful purpose for my life's work.

The Mars Period is the one that always begins approximately 104 days after your birthday each year. During this period, you are likely to have more physical and aggressive energies. For this reason, this is a good time to get involved in physical pursuits or to actively pursue your goals.

Mars Period Cards also govern our relationships with men in general and with any legal matters we are involved in. If you are involved in a legal suit of any kind, the Mars Cards will indicate the probable success or failure of these pursuits.

The cards below are from your Birth Card's Yearly Spread. Therefore, they are the most important Mars Cards of the year.

Your Direct Mars Card

This is a good influence for satisfying emotional and intellectual relationships, especially with men. For women this is an indicator of happiness in marriage and home or good news from home. Aggressive pursuits of education and friendships will bring rewards during this period. Mental activity can be successfully applied in work, especially in the areas of organization, efficiency, and practicality.

The stabilizing influence of this card is powerful and will bring a happy period for you, even if the indications of your other Mars Card are more challenging. Even if your other Mars card indicated a challenge or problem, this card guarantees that you will overcome it and that the result will be a positive one. A successful card in the other position will further strengthen the influence of this card and could tell you who or what you will experience such satisfaction with during this 52-day period.

Your Vertical Mars Card

Your Vertical Mars Card

The Seven of Clubs in the Mars Period

This is a strong influence for arguments, ones that bring on problems, worry, and pessimism. Your relationships with men in general could be a bit difficult during this period but the solution to your problems lies within you, not in them. Opposition to your plans or desires can illicit anger and negativity in you at this time. Caution is advised in all legal matters and affairs with men until you can take full responsibility for your attitudes and beliefs. Fear is often at the root of all anger and negative thinking. Elevate your mind now with positive affirmations and expose yourself to sources of spiritual knowledge and inspiration to get the most good from this period.

Look to your other Mars Card to find out what or who is involved in the challenges that may arise during this period. Also keep in mind that a positive card, such as a four, eight, or ten, would tell you that regardless of the challenges present, you are likely to have a happy and productive outcome to the situations that present themselves during this 52-day period.

About the Saturn Period Cards from your Birth Card Spread

Your Saturn
Period lasts from
11/2/2021 till 12/24/2021

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and what is likely to happen. Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

The cards below are from your Birth Card's Yearly Spread. Therefore, they are the most important Saturn Cards of the year and may pertain to any area of your life.

During this period you will be face to face with the results of your words and deeds, especially in the areas of love and friendship. This card often brings one or more karmic relationships throughout the year and many lessons about taking responsibility for our actions and sexual expression. The net result of this period will be more maturity, knowing that what you give is what you receive. This will lead to more success in relationships later.

We often are unaware of how we are acting or how our acts and speech are affecting those around us. The Six of Hearts in Saturn will serve to increase your awareness in these areas.

Your other Saturn Card may define who you could have a karmic relationship with or tell you more about the relationship challenges that may occur during this period.

Your Vertical Saturn Card

Your Vertical Saturn Card

The Three of Hearts in the Saturn Period

Indecision over love or friendship could make you ill during this period. Any love triangles that you may be involved in will be more difficult than ever. The situation at hand may be one which you created in the past and are now having to contend with. Your indecisiveness is probably at the root of it and now you may have no choice but to wait it out and see how the cards fall. This card could also mean someone you love is in poor health and taxing your peace of mind. Try not to worry so much and take care of your body until this is over.

This card can indicate chronic worry about love and about your not getting enough affection. Often its our own indecision and refusal to stay with one relationship that threatens our security in love, which is something we all need.

The difficulties indicated by this card could be offset by a strong card in the other Saturn position, for example any of the fours, eights or tens. In any event, the other Saturn card could tell you who is involved in this potential love triangle.

Neptune is the last period, that always begins 52 days before your next birthday each year. This period is one of the best times to take a vacation, especially if that vacation will take you to a foreign country.

Our Neptune Card(s) often represent who or what are our 'hopes and fears' for the year. It can represent things that we secretly want or things that we may be afraid will come to pass. This could be a desire for money to take a business trip or to be used in some distant business deal. Caution is advised under Neptune's illusory influence so be sure that all business communications and activities are clear. Also you should question your own motives and desires lest you fall prey to deception along these lines.

This card can also represent the beginning of a new job or money making project that takes you in new directions.

Your Vertical Neptune Card

Your Vertical Neptune Card

The Six of Hearts in the Neptune Period

You are not likely to travel under this influence, even if you have made plans to do so. Relax and enjoy the peace and tranquillity. Your home and family and close relationships should be a source of satisfaction now, so enjoy them. This influence does not support any travel or changes of any kind. Things at a distance will go smoothly now without changes. This influence can bring profound spiritual revelations if you tune in to your subconscious.

One of the possible benefits of this card in Neptune is that you could discover or deepen your life's purpose. All that is required is for you to tune in to your thoughts and feelings, especially when you are alone or meditating.

ABOUT YOUR BIRTHDAY

The Cards Influencing Your Mercury Period

About the Mercury Period Cards from your Planetary Ruling Card Spread

Your Mercury
Period lasts from
4/8/2021 till 5/30/2021

The Mercury Period is the one that always begins on your birthday each year. During this period, the focus is usually on communications, short trips here and there, educational pursuits, or the affairs of siblings and other family members. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Mercury Period Cards are usually of little consequence since Mercury itself is such a quick-moving influence. Therefore, events under Mercury will usually be short-lived, quick or sudden.

The cards below are from your Planetary Ruling Card's Yearly Spread. Therefore, they are some of the more important Mercury Cards of the year and will apply specifically to the areas of your life and personality that are represented by your Planetary Ruling Card.

Your Direct Mercury Card

Your Direct Mercury Card

The Seven of Clubs in the Mercury Period

During this period, and this year to a lesser extent, you are being exposed to higher ways of thinking and will be given opportunities to transform negativity into revelation. Perhaps you have become attached to some plans or ideas that are being challenged. Maybe you notice how much you are worrying and want to change it. Now is the time to practice positive affirmations. You truly are what you think and now you are given a chance to prove it.

Your other Mercury Card may tell you who or what you are learning to develop a more positive attitude about. In any case, a strong bottom card, such as a four, eight or ten, would help mitigate the negative aspects of this card which can bring a lot of worry or frustration.

On the high side, this is a great influence for your acquiring some new information on the spiritual side of things. Keep on the look out for good books, tapes, and workshops that may open you up to a different side of life.

Your Vertical Mercury Card

Your Vertical Mercury Card

The Seven of Spades in the Mercury Period

This card can bring an illness connected with the head in some way such as a headache or toothache, or in some cases, an accident of some kind. This period could also bring some trouble with your work or driving. The good news is that, because this is the Mercury period, this situation will probably be very quick and painless. Things happen quickly in Mercury and don't have a major impact on our life in general. Still, it would be a good idea to take a look at your work, thinking and health habits now and see if one or more of them may need upgrading to a more positive and healthful level. Exposure to spiritual wisdom will help you elevate yourself and may bring a profound realization of truth.

Your other Mercury card may tell you who or what is involved in the challenge of this Seven of Spades. Also keep in mind that a strongly positive card, such as a four, eight, or ten as the bottom card, could bring a very positive outcome to the situation at hand.

This influence can bring illness over a love relationship or a family related disappointment. This could also be the illness of a close friend, marriage partner, or family member.

This card tells you that some major part of your lifestyle is coming to its fulfillment or completion. This could be a relationship or have something to do with your home or family. The ending of a relationship or friendship could cause much grief if you resist this completion which is scheduled for this period. This is an influence of difficulties in the home or in personal relationships, but only if we stubbornly hold on to people or things that are now passing out of our life. All these difficulties can be considered tests of emotional strength and maturity.

Your other Venus Card may tell you who or what the emotional or personal challenge or ending is about. Also keep in mind that a strong or powerful other Venus Card, such as a four, eight or ten, could mitigate the adversity of this card and bring about very positive results from a situation that may seem like a disappointment at the outset.

The Mars Period is the one that always begins approximately 104 days after your birthday each year. During this period, you are likely to have more physical and aggressive energies. For this reason, this is a good time to get involved in physical pursuits or to actively pursue your goals.

Mars Period Cards also govern our relationships with men in general and with any legal matters we are involved in. If you are involved in a legal suit of any kind, the Mars Cards will indicate the probable success or failure of these pursuits.

The cards below are from your Planetary Ruling Card's Yearly Spread. Therefore, they are some of the more important Mars Cards of the year and will apply specifically to the areas of your life and personality that are represented by your Planetary Ruling Card.

Your Direct Mars Card

Your Direct Mars Card

The Nine of Hearts in the Mars Period

This card usually means an ending of a key relationship due to competitive or hostile feelings. Jealousies or misunderstandings between you and your loved one(s) are likely during this period. Caution is advised when relating to men during this time, in business and personally. You may be inclined to leave behind undesirable situations during this period and move on to greener pastures. Your own disappointment in others may prompt such an exit or you may be impatient with the problems present. Though some relationship in your life is coming to an end, you would be wise to not let your hostility get out of control. That would only aggravate the natural process of separation and bind you to more karma with this other person in the future.

Look to your other Mars Card to find out what or who is involved in the challenges or endings that may arise during this period. Also keep in mind that a positive card, such as a four, eight or ten, would tell you that regardless of the challenges present, you are likely to have a happy and productive outcome to the situations that present themselves during this 52-day period.

Your Vertical Mars Card

Your Vertical Mars Card

The Seven of Diamonds in the Mars Period

This period will present a financial challenge from an investment, payment, or loss. This could have been as the result of a legal matter, an argument, gambling or speculation. Your own aggressive nature and impatience could have played a major role in this. At the root of any money problems will be a fear of poverty and attachment to money plans. Take responsibility for your core attitudes and you could turn this adversity into unexpected prosperity.

Look to your other Mars Card to find out what or who is involved in the challenges that may arise during this period. Also keep in mind that a positive card, such as a four, eight, or ten, would tell you that regardless of the challenges present, you are likely to have a happy and productive outcome to the situations that present themselves during this 52-day period.

The Cards Influencing Your Saturn Period

About the Saturn Period Cards from your Planetary Ruling Card Spread

Your Saturn
Period lasts from
11/2/2021 till 12/24/2021

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

The cards below are from your Planetary Ruling Card's Yearly Spread. Therefore, they are some of the more important Saturn Cards of the year and will apply specifically to the areas of your life and personality that are represented by your Planetary Ruling Card.

Your Direct Saturn Card

Your Direct Saturn Card

The Eight of Diamonds in the Saturn Period

This card represents a large sum of money made through the illness, death, or loss of another (i.e. inheritance) or through plain or hard work. Or the money could be connected somehow to death, hospitals or healing. This can also mean a meeting of doctors. You may have to work hard under less than ideal conditions but you can be successful, and the money coming in now is proof of that. This card is one of overcoming illness or undesirable influences through patience and perseverance.

This card is such a strong influence that it will override any negative influences present during this period. Even if your other Saturn Card were one of challenge or problem, this card guarantees that you will have a successful outcome and an overcoming of difficulties by deciding exactly what you want and going after it.

Your Vertical Saturn Card

Your Vertical Saturn Card

The Six of Clubs in the Saturn Period

Health conditions, whether good or bad, will not change under this influence. Intuition is present for you, but you may find it hard to follow, or fears prevent you from using it. You may feel that you are being forced by circumstances into making compromises and adjustments with others. Be aware of how you talk to others because what you give you will get in return.

Be open to others' ideas and plans in order to get the most out of this powerful influence. If you have told untruths in the past or made promises that you haven't kept, this may be the time that you have to pay up or come clean. Otherwise, this influence could indicate a time when you become much more aware of your life's purpose. You are being brought in line with the will of God.

Your Direct Uranus Card

This is an excellent influence for financial success in businesses involving either real estate or using your psychic gifts. Your business acumen is strong now. Use it to develop effective ways to market your products and services. Unexpected gains are possible. At the same time, watch a tendency to go out on impulsive spending sprees, the downside of this powerful card.

Any women of the Diamonds suit may seem to be somewhat unpredictable during this period, and to a lesser extent, for the entire year. To insure success in your relationships with them, it would be best to just step back and allow them to do or be whatever they need to. A good friendship comes from unconditional love and acceptance.

This partnership may cause you a bit of uncertainty or happen too fast for you. This is one of the best influences for spending quality time with a friend or group of friends.
